

Extra Credit Opportunity for the 3rd Quarter Marking period!!

Here is a chance to show your creativity and earn up to 3 TEST points!

- 1) Choose one of the lessons from Unit 14.
- 2) Pick **one** of the following to create:
 - A worksheet with original problems . Include an answer key to that worksheet.
 - A video with you explaining one of the topics
 - A song/Tik Tok (similar to what you may have seen on YouTube) based on a lesson
- 3) Email your extra credit project to your teacher.

Deadline: Thursday, April 2

You may choose to combine efforts with a friend from any Algebra or Algebra RH class BUT you are to only communicate with each other over the phone or the computer. (For safety precautions, two students should not be in the same place so we will not accept any videos that show that).

Have fun!! With the permission of you and your guardians, we will post the finished videos on Roslyn Twitter.
